

Remote Learning – Year 4 – W/C 11.01.2021

Below are a list of activities that children can complete over the course of the week. These are a mixture of videos to watch, games or activities to access online, as well as plenty of activities that require very few resources. Wider Curriculum activities will cover different aspects of Science, Thematic, RE and Computing whereas the Wellbeing activities will cover different aspects of PSHE and PE. You will also notice there is a section for Story Time where the staff will be reading something to you! If you have any questions or would like to share some of the work your child has completed, send the Year 4 team an email at remotelearning4@groveprimary.org.uk
